**PREPARE
TO
PREVAIL**

ZAMST ➤

Pro American Basketball Player
TRAE YOUNG

**“WITH ALL THE SWEAT. WITH ALL THE
SACRIFICES. I’M BUILT TO OVERCOME.
THE PREPARATION OFF THE COURT
MAKES ME FEARLESS ON THE COURT.
BUT NOT EVERYONE IS WILLING TO GIVE
WHAT IT TAKES TO SEE THAT MOMENT.**

**DO YOU HAVE WHAT IT TAKES TO
PREVAIL? ”**

“WITH ZAMST BRACES
I DON'T HAVE TO
WORRY.
IF I HAVE TO THROW
MYSELF AT THE BALL,
I CAN DO IT KNOWING
I'M PROTECTED.”

Pro Polish Volleyball Player

WILFREDO LEON

“I ESPECIALLY APPRECIATE THE FACT
THAT ZAMST BRACES PROTECT MY
JOINTS. THEY HELP ME AND REALLY
REDUCE THE PROBABILITY OF INJURY.”

Pro Polish Volleyball Player

"The ankle braces with Zamst made my game - and just the day that I joined the court - a lot easier, a lot stress free of injury."

-Trae Young

"I can make all the movements without limitation, it gave me more security during playing."

- Wilfredo Leon

ABOUT ZAMST

Zamst is a brand of braces, supports and care products for athletes, created in 1993 by Japanese company NIPPON Sigmax Co., Ltd., a medical device manufacturer who has been developing and manufacturing products for the orthopedics field for 50 years. Our mission has always been to offer products and services that will help prevent injuries and improve athletic performance.

Zamst products are now distributed in many countries around the world, with countries including the USA, China and across Europe.

TECHNOLOGY

To protect athletes' bodies and enable them to move with confidence, Zamst engineers emphasize innovation and experimentation to develop the most effective products. Many tests are conducted with high-tech equipments, either in-house at the headquarter or in collaboration with independent outside research centers, or universities.
